

New Sure Champ® Products

Pricing & Ordering

April 2nd, 2018

With the launch of the new Sure Champ® products we wanted to pass along details on how they are being priced and instructions for ordering the new products.

For items 60710 Sure Champ® Extreme – 50lb. Bag and 60700 Sure Champ® Ration Builder – 50 lb. Bag the pricing and ordering is the same as any other bagged product. The products come 50 bags to a pallet, are volume based for price breaks and are included on the 1st page of the price list.

The 2 new 25lb Bucket products [60720 Sure Champ® Extreme – 25lb Bucket & 60750 Sure Champ® Spark® - 25lb Bucket] do have special ordering and pricing rules associated with them.

Ordering

- The products can only be ordered in the following quantities:
 - Case 2 * 25 lb buckets
 - Pallet Layer 12 * 25 lb buckets
 - Full Pallet 36 * 25 lb buckets
- When ordering you must select either Case, Pallet Layer or Full Pallet from the Size/Options dropdown.
- Cases will come boxed with 2 25lb Buckets, while pallet layers and full pallet are individual buckets.
- You must order the appropriate number of units for that option.
 - Examples:
 - 4 Cases = 8 Buckets
 - 2 Pallet Layers = 24 Buckets
 - 3 Pallets = 108 Buckets
- Other rules include:
 - Only 2 Cases can be added to the top of a full pallet of bagged product. If you order 4 pallets of bagged product, you can then add a total of 8 cases to your order.
 - At this time no cases will be allowed on top of full pallets of tubs.
 - Pallet Layers cannot be split between multiple products [Extreme & Spark]
 - If you want a full pallet of split product, you must order 2 pallet layers of one product and 1 pallet layer of the other product.
 - A Pallet Layer can be added to the top of a pallet of bagged product that contains no more than 45 bags.
