

VitaFerm® Wheat Mineral

A vitamin and mineral supplement for beef cattle on pasture, specifically on wheat pasture. Free choice, loose mineral mix designed to balance basic nutrient needs of beef cattle on wheat pasture and other cool season forages.

Recommended Feeding Directions:

Feed 2 to 4 oz. per head, per day. Feed as the sole source of salt and mineral. Free choice salt can be provided if over-consumption occurs.

Guaranteed Analysis

Vitamin E	100 IU/lb. Min.

Ingredients

Calcium Carbonate, Salt, Corn Distillers Dried Grains with Solubles, Dried Cane Molasses, Monocalcium Phosphate, Dicalcium Phosphate, Magnesium Oxide, Dried Aspergillus oryzae Fermentation Product, Molasses Products, Vegetable Oil, Lecithin, High Fructose Corn Syrup, Polysorbate 60, Glycerin, Sulfuric Acid, Xanthan Gum, Natural and Artificial Flavor, Sodium Selenite, Zinc Sulfate, Ferrous Sulfate, Copper Sulfate, Manganese Sulfate, Calcium Iodate, Cobalt Sulfate, Zinc Proteinates, Vitamin D-3 Supplement, Vitamin E Supplement, Manganese Proteinates, Vitamin A Supplement, Copper Proteinates.

Contains AMAFERM®, a registered trademark of BioZyme® Inc.

Sizes Available

50 lb. (22.7 kg) bag

Product

58000

Key Benefits:

The correct balance of required minerals and vitamins.

Provides adequate vitamin and mineral levels to specifically complement wheat pasture.

The Amaferm® advantage.

Stimulates fiber digestion and nutrient utilization of forages. Helps maximize conversion and improve gain and profitability.

What value does it have in the animal?

Ideally suited for backgrounding and yearling cattle. A cost effective way to promote gain and general herd health; two of the biggest drivers of profitability.

Caution

Due to the copper level, do not feed to sheep. Follow label directions. The feeding of supplemental selenium should not exceed 0.3 ppm of total diet. The addition to feed of higher levels of this premix containing selenium is not permitted.
