

"Two focuses of our Madden Method are longevity and preventing injuries before they happen, whenever possible. We aim to have horses with long, healthy and happy careers followed by long, happy and healthy retirements. We have fed Hyaluronex daily to our competition horses for over 10 years and trust their scientific research and high-quality ingredients to protect and support our horse's joint health."

JOHN AND BEEZIE MADDEN

John Madden Sales, Inc.

"I started using Hyaluronex and I can feel after 2 month's use, my horses start to work much stronger, and they stop better. I believe the supplement has really helped their joints."

MARCOS COSTA

*World Champion
Tie-Drop Roper*

"Hyaluronex® is the best joint supplement on the market. My Grand Prix horses have been using it for over five years. I seriously think the use of this product has not only helped my horses' longevity in the sport, but also cut down on my amount of vet work done."

HYALURONEX[®]

JOINT

A natural, proactive approach to sustainable soundness

Our liquid formula contains natural ingredients and the most researched hyaluronic acid available, MHB3[®] Hyaluronan, for total support of your horse's joints and soft tissue health throughout performance, recovery and aging.

QUICK FACTS:

- Highly researched
- Veterinarian recommended
- Natural and FEI safe
- Cost effective (\$0.98/day)

HOW HYALURONEX[®] WORKS:

- Soothes joints to support daily comfort, consistent soundness and improved performance.
- Maintains bone, joint, and soft tissue health.
- Relieves discomfort for horses in recovery.
- A natural alternative to expensive joint therapies.
- Improves performance and longevity.

WHAT YOU CAN EXPECT WITH HYALURONEX:

- A more comfortable horse during and after competition and work.
- Sustainable soundness, allowing your partner to last longer.
- Reduced need for joint injections.
- Faster recovery from strenuous exercise.

RESEARCH:

MHB3[®] Hyaluronan, our proprietary ingredient, has been scientifically proven to be bioavailable, well absorbed, efficacious, and safe. It confers greater and more consistent results than any other product in both short- and long-term care. MHB3 has been awarded seven U.S. Patents and is highly researched to be efficacious, allowing for best results (Hefner, 2012).

HOW TO USE:

Administer 1/2 oz. twice daily for first 7 days followed by 1/2 oz. for daily maintenance. Increase to 1/2 oz. twice daily during periods of increased exercise or during recovery.
