Take time - not chances. Add drug mix pac of your choice observing recommendations for proper usage and withdrawals before marketing. Consult your PEET'S Representative for personalized rations, including split-sex feeding and multiple phase diets. Ask about PEET'S rations for your high producing sow herd. If only 2 diets are fed to growing/finishing swine, feed Grower 2 up to 125 lbs. and Finisher 2 to market. Contact your PEET'S Representative for personalized rations using 44% soybean meal in your rations.

Caution

CAUTION: Due to the copper level, do not feed to sheep. Follow label directions.

The feeding of supplemental selenium should not exceed 0.3 ppm of total diet. The addition to feed of higher levels of this premix containing selenium is not permitted.
